2. Introduction and Background

The City Transport Authority (CTA) is responsible for planning and operating public bus services across the city. As part of its 2026-2030 Smart Mobility Programme, CTA intends to replace 120 conventional bus shelters with climate-controlled smart shelters that provide real-time passenger information, improve accessibility and reduce energy consumption.

3. Scope of Work

- Design, supply and installation of 120 smart bus shelters at the locations listed in Annex A (provided separately).
- Removal and disposal of the existing shelters at the same locations.
- Connection of each shelter to the power grid and to CTA's central passenger information system.
- Testing, commissioning and training of 20 CTA staff.
- Preventive and corrective maintenance for five (5) years from final acceptance.

4. Technical Specifications

Item	Requirement
Structure	Marine-grade aluminium and tempered glass, design life of 15 years
Cooling	Enclosed cabin kept at 24-26 °C when the outdoor temperature is 48 °C
Energy	Rooftop solar panels covering at least 30% of daily consumption
Passenger information	32-inch outdoor display showing real-time arrivals in Arabic and English
Safety	CCTV camera and emergency call button linked to the CTA control centre
Accessibility	Step-free access and space for one wheelchair

5. Contract Duration and Delivery Schedule

Supply and installation of all 120 shelters shall be completed within **180 calendar days** from the Notice to Proceed. The maintenance period is five (5) years from the date of final acceptance.

Milestone	Deadline
Detailed design approval	45 days from Notice to Proceed
First 40 shelters installed	100 days from Notice to Proceed
All 120 shelters installed and commissioned	180 days from Notice to Proceed

6. Eligibility and Qualification Requirements

- A valid UAE trade licence covering the supply and installation of street furniture or transport infrastructure.
- Registration on the government supplier portal.
- At least three (3) completed projects of similar scope, each valued above AED 5,000,000, in the last seven (7) years.
- ISO 9001 and ISO 45001 certification.
- Audited financial statements for the last three (3) years.

8. Bid Validity

Bids shall remain valid for **60 days** from the closing date.

9. Commercial Terms

- Estimated contract value: **AED 12,500,000** (excluding VAT).
- Bid prices shall be in UAE dirhams (AED) and fixed for the duration of the contract.
- Advance payment: **40% of the contract value**, payable on contract signature.
- Payment milestones: 30% on installation of shelters (pro rata), 20% on final acceptance, and 10% in equal quarterly instalments over the maintenance period.
- Payment within 30 days of receiving an approved invoice.

10. Performance Guarantee

The successful bidder shall submit an unconditional performance guarantee equal to **10% of the contract value** within 14 days of the award notice. The guarantee shall remain valid until 90 days after final acceptance.

11. Delay Penalties

For each day of delay beyond the contractual completion date, a penalty of **0.5% of the contract value** shall apply, up to a maximum of **20% of the contract value**.

12. Governing Law and Dispute Resolution

This tender and the resulting contract are governed by the laws of the United Arab Emirates. Disputes that cannot be settled amicably within 30 days shall be referred to the competent courts of the Emirate.

13. Language

This tender is issued in Arabic and English. Both versions are equally binding in substance; in case of any discrepancy, the Arabic version prevails.
